300 New Albany Road

Moorestown, New Jersey 08057

November 8, 2014

Dear Pennsauken Neighbor,

PSE&G will begin the final phase of the Southern Reinforcement Project, the restoration of Bethel Ave. from Irving to Madison. Restoration work will begin on approximately November 12<sup>th</sup> and weather permitting will continue until the November 21<sup>st</sup>.

Restoration work will consist of the following measures: parking restrictions, traffic detours, milling and paving the roadway and restriping. The Pennsauken Police Department will be on-site to identify and post any necessary parking restrictions and provide traffic control.

All work will be performed by reputable contractors under the supervision of PSE&G. The contractors will adhere to all PSE&G safety and environmental standards and procedures, and work diligently with local police to minimize traffic disruption.

We will do everything feasible to complete our work expeditiously while maintaining the highest levels of safety for all involved or impacted by the road restoration.

We thank you for your cooperation and patience as we constructed this upgrade, which will assure safe and reliable power to your homes and businesses. If you have any questions or concerns during this last phase of our project, please contact us on our toll free program hotline at (866) 507-5961.

Sincerely,

**Douglas Anthony**
